CHECK PUT ON THE JAPANESE ADVANCE

Movement to the Eastward of Mukden Is Regarded as of Little Importance---Raid on Japanese Supply Boats.

Advices received by the Russian general staff last night are to the effect that a check has been put upon the advance of the Japanese to the eastward of Mukden and show that the movement is considered of little importance.

Two reports of raids on vessels carrying supplies for the Japanese have reached St. Petersburg. It is considered probable, however, that they refer to the same affair, though the number of vessels destroyed and the locality of the action are differently stated in the two dispatches.

General Kuropatkin's troops still assert that he is to be chief in command of the Russian forces in Manchuria. Viceroy Alexieff will be received with much pomp upon his return to St. Petersburg, where he will be quartered in the winter palace and otherwise honored. His return to the far east as viceroy at the conclusion of the war is many persons considered to be quite possible.

Mukden, Oct. 1.—A detachment of 60 men of the Russian cavalry with two officers has returned here after a successful raid on a flotilla of Japanese supply boats on the Liao river. They became by the Japanese prisoners. The raiders succeeded in bombarding and setting fire to nine junks and barges, several of which were laden with ammunition, and they were blown up with terrific explosions. The cavalry men reached shore in safety, where met a Japanese patrol, two men of which they killed and took the other prisoner, whom they brought here. The infantry here continues and is becoming monotonous. It is generally believed that operations will be begun with renewed force next week.

SIR WILLIAM VERNON HARCOURT

SUDDEN DEATH OF THE DISTINGUISHED BRITISH STATESMAN—DIED OF HEART FAILURE DURING SLEEP.

London, Oct. 1.—Sir William Vernon Harcourt, "the finest political gladiator of his age," died very suddenly today at Nuncham Park, near Oxford, the country seat which he recently inherited from his nephew. Only his wife, a daughter of the late John Lothrop Motley, the historian and former American minister to Great Britain, was with him. When Sir William went to bed last night he seemed fairly well, though he had been suffering from a slight chill. This morning when he was called he replied cheerily. In a short time Later a servant entered the room and found Sir William lying dead on his bed. His son, Lewis Vernon Harcourt, member of parliament for the Rossendale division of Lancashire, was hastily summoned from London.

The physicians say Sir William died of heart failure during sleep. The last ... known to the physicians and family for some time. The funeral will take place at Nuncham Courtenay 5 or 6. The arrangements have not yet been completed.

FUNERAL OF SENATOR HOAR

REV. DR. EDWARD EVERETT HALE WILL OFFICIATE AND DELIVER THE EULOGY—BURIAL TO BE AT CONCORD.

Worcester, Mass., Oct. 1.—The arrangements for the funeral of the late Senator Hoar were perfected tonight. The services are to be at 2:30 Monday afternoon in the church of Unity which the senator had attended for more than 50 years. Rev. Dr. Edward Everett Hale of Boston, the first pastor of the church, and one of the senator's closest personal friends, will officiate and deliver the eulogy.

Over 5,000 requests for seats have been received but these requests have all been refused owing to limited seating capacity of the church. After the funeral the body will lie in state in the city hall from 4 to 8 o'clock. Burial will be at Concord.

MIDLAND WILL LAY NEW TRACK

ENTIRE ROADBED TO BE RELAID WITH HEAVY NEW RAILS. THE EATING-HOUSE SYSTEM TRANSFERRED TO RIO GRANDE

Work on the Colorado Midland road replacing light rails by heavier ones of steel is already going on at various points along the line. About 40 miles of the new rails will be laid and when this work is completed the road for the greater part from Colorado ... Denver will be in the best condition it has been in for years. It is the intention of the road to continue in this work until all of the ... Pass may be relaid with steel rails.

As fast as possible the first work to be done will be on the mountain ... but when this work has been finished other parts of the system will be given attention, until the entire road has been relaid.

It was officially announced yesterday afternoon that the eating houses along the line of the ... made Midland road have been ... by the Denver & Rio Grande road. The change went into effect yesterday.

FRENCH TO BUILD RUSSIAN WARSHIPS

WORK ON ONE DESTROYER HAS ACTUALLY BEGUN, BUT CONTRACTORS SAY NEUTRALITY WILL NOT BE VIOLATED.

Toulon, France, Oct. 1.—The managers of the Societe Des Forges Et Chantiers were interviewed today concerning the report that they are to build a number of cruisers and torpedo boats for the new Russian navy. They stated that the negotiation on the subject had made considerable progress, but that it was desirable to withhold the particulars in order to avoid possible international entanglements. It was admitted that work on the destroyer actually began September 29 and it was added that the question of the right of neutrals to build warships for a belligerent could not arise, as the ships would not be completed and armed within two years, when it is expected the war will be over.

NO DISTRESS FROM TRINIDAD FLOOD

THERE IS GREAT INCONVENIENCE AND LOSS WILL BE LARGE BUT NO FATALITIES ARE REPORTED.

Trinidad, Colo., Oct. 1.—While there is great inconvenience from the flood of yesterday there is absolutely no distress and no fatalities are reported.

Business houses of Boston, New York and Chicago, having branches here, have tailed offers of financial assistance but these were all declined.

The electric light plant resumed operations tonight. The Harvey eating house is more damaged than was at first reported. The Santa Fe is the heaviest loser in this city. A temporary track is being built around the washout but it will be three days before traffic can be resumed. The Colorado and Southern and Rio Grande have both resumed operations.

Mayor H. B. Brown and E. H. Day, president of the chamber of commerce, tonight asked the Associated Press to make the following statement:

"Exaggerated reports have been scattered broadcast regarding the flood conditions at Trinidad. While the damage to property will reach $1,000,000, there has been no loss of life and all persons needing assistance are being looked after by the city. We need no outside assistance, although we appreciate the offers of help from eastern cities."

MOTION DENIED IN THE W. P. H. CASE

JUDGE LEWIS UPHOLDS ORIGINAL PLEADINGS AS AGAINST CLAIM THAT ANOTHER CAUSE HAD BEEN STATED.

Special to the Gazette.

Judge Lewis, of the district court, today heard the motion of J. Maurice Finn in the case of Chas. H. Wider vs. Harrison and Seaver. Plaintiff alleges that there is due him a one-third interest in the ... defendants in the W. P. H. property. The defendants claimed that the amended complaint ... and different cause of action from the original pleadings. The court sustained the original pleadings and the position of Attorney Finn that there had not been another and different cause of action. The defendants then asked for 20 days in order to file an answer, but the court gave them five days in which to plead.

In this case it was learned that witnesses who have been out of the county for several months are here now so the case will be pushed to a conclusion.

Judge Lewis also placed the bond of J. B. Lewis at $1,000. J. B. Lewis is charged with the alleged murder of Al Grodde.

PAYNE'S LIFE IN BALANCE

MAD SINKING SPELL LATE IN THE AFTERNOON AND SMALL HOPE IS HELD OUT FOR HIS RECOVERY.

Washington, Oct. 1.—Postmaster General Payne's life tonight hangs in the balance. He has been unable to maintain the improvement over last night noted in the early morning bulletin.

Late in the afternoon he had a sinking spell and failed to rally as quickly as heretofore from the stimulants ad-

ministered. At 6 o'clock, though he was reported as not as well, he began to respond to treatment and an hour later was said to be resting quietly.

Small hope, however, is held out for his recovery, and the members of the family, who have been summoned to the bedside, have been made to realize the true condition.

At ... today his pulse was barely ... several times during the day Mr. Payne lost consciousness and he was unconscious when the 9:15 o'clock bulletin was issued.

That his condition is grave in the extreme was evidenced by the fact that the members of the family kept closely to their apartments throughout the evening. Drs. Magruder and Grayson were constantly in attendance.

Sunday, 2:45 a. m.—Dr. Magruder came from the sickroom and said that since midnight he had a good deal of trouble with his patient, who tossed restlessly for some time in his bed. He responded, however, to treatment and again went off to sleep. His condition is such at this hour to permit Dr. Magruder to go home for a brief sleep, Dr. Grayson was left in charge. Dr. Magruder further said that he expected a consultation of physicians at 9 o'clock Sunday morning.

DEADLOCK AT IDAHO SPRINGS

REPUBLICAN REPRESENTATIVE CONVENTION TOOK 118 BALLOTS AND WAS THEN OBLIGED TO ADJOURN UNTIL NEXT WEEK.

Special to the Gazette.

Idaho Springs, Oct. 1.—The Republican convention of the 20th senatorial district was held here today. The district consists of Jefferson, Clear Creek, Gilpin and Boulder counties. There were three candidates for the nomination, W. H. Morgan, Samuel Newell and W. C. Matthews. A deadlock resulted and 118 ballots were taken without any change. The ballot stood: Morgan, 35; Newell 10; Matthews 50. After being in continuous session without ... and intermission for lunch from 10:30 a. m. to 6 p. m. an adjournment was taken until Tuesday morning when the convention will reassemble at Republican state headquarters in Denver.

FRENCH ATTACHE IS STILL MISSING

MYSTERIOUS DISAPPEARANCE FROM PORT ARTHUR NEVER EXPLAINED—FAMILY THINK JAPANESE RESPONSIBLE.

Paris, Oct. 1.—The French officials have given up all hope of Lieut. Ceurerville, the military attache, who appears to have left Port Arthur about the middle of August. Complete mystery surrounds his disappearance. The family of the lieutenant are inclined to support the view of Japanese complicity in his disappearance, but the officials declare there are no facts to warrant suspicions of treachery.

STRONG RESOLUTIONS OF MANUFACTURERS

Philadelphia Business Men Indorse Republican Administration---Addresses by Senator Knox and Charles Emory Smith.

Philadelphia, Oct. 1.—Senator Philander C. Knox tonight delivered a speech that was considered important because of his close relationship to President Roosevelt and the prominent part he has taken in events that have become issues in the national campaign. He spoke under the auspices of the Manufacturers club of Philadelphia, which opened the national campaign here tonight.

The auditorium was so crowded that the doors were closed before the meeting began. Senator Knox was warmly greeted by the audience, the enthusiasm lasting for several minutes when he arose to speak. Among those on the platform were Senator Penrose, ... state and city officials.

Strong Indorsement.

The following resolutions were unanimously adopted:

Whereas, Succeeding four years of disaster, depression, business stagnation and industrial paralysis under Democratic rule this country has for nearly eight years enjoyed unprecedented prosperity, surpassing all former records in industrial development, material progress and in the general welfare of the people, and

Whereas, This prosperity and material development was the direct result of the accession to power of the present ruling party, whereby policies of disaster, repudiation and free trade were changed for policies of sound finance, protection, progress and national honor, ... [illegible]

Resolved, That it is wisdom and good business policy to continue in power the party through which the great results recited have been established, believing that those who conceived, inaugurated and carried out these policies are better able and more likely to continue and develop them to the advantage of the nation than those who have hitherto opposed them.

Protection's Record.

Resolved, That we affirm our belief in the principles of protection through the operation of which our great export trade of ... manufactured products has been built up, which amount is but a small percentage of our total manufactures, 93 per cent of which we consume at home.

"Resolved, That in the Republican candidates we recognize the standard bearers for the ... [illegible] ... ing in the Republican candidate for the vice presidency a statesman of proved experience, of high character and one devoted to the principles for which he stands and in the Republican candidate for the presidency a proved American citizen of the highest type of the manliness and consistent record, who by the manner in which he has borne himself in the office since the day when he promised to carry out the policy of the lamented McKinley, by his ... character, ... energy, ... fidelity of life, high ideals and practical efficiency, has strengthened in the ... hearts and confidence of the American people. The ... and ... Theodore Roosevelt and Charles W. Fairbanks are ... our best wishes.

Notable Addresses.

Mr. Knox's ... not presented.

Mr. Knox's speech will be found on ...

Mr. Knox spoke for about an hour and a half. He was frequently interrupted by ... and when he concluded he was given an ovation.

Charles Emory Smith followed Mr. Knox. He said in part:

"This presidential contest is an issue between the party of achievement and the party of fault-finding. The primary question to be decided is whether the American people want construction or whether they want obstruction and destruction. The choice lies between the party that does things and the party that breaks things. The practical problem is whether the great train of national movement is to be kept in charge of the engineers or put in charge of the ... The Republican ... to power is an unbroken record of ... success; the Democratic title to power is an unbroken record of ... failures and ... disasters.

A Peculiar Campaign.

"There never was quite so peculiar a campaign. Our opponents ask to be put in power on the ground that they admit that for the last eight years they were all wrong. They ask that we be put out of power because they acknowledge that during the same time we were all right.

"The incongruities appear on every side. The highest plea presented to the Democratic candidate is that he had the courage to send a telegram to the effect that the Republicans had made the gold standard fixed and irrevocable. His strongest appeal to be trusted is that he cannot upset Republican policies because a Republican senate stands in the way. His weightiest argument for giving a trial to his party is that it has gone back on everything it ever professed.

At the ... of the meeting the Pennsylvania senator and Mr. Smith were tendered a reception at the Manufacturers club.

RALLIES FOR REPUBLICANS

Special to the Gazette.

Denver, Oct. 1.—The speakers' bureau of the Republican State Central committee, of which Chas. L. Dieterich, chairman, announces the following rallies to be held in the various counties of the state:

WORTHY SUCCESSOR TO THE PRESIDENCY

Senator Fulton Says Vice Presidential Candidate Will Be the Nominee for President When Roosevelt's Term Expires.

Portland, Ore., Oct. 1.—At 2 o'clock this afternoon Senator Fairbanks and party crossed the Columbia river at Kalama and thus made the transfer from Washington to Oregon. At Portland Senator Fairbanks and his party were met by a committee of citizens headed by Mayor Lane and escorted to the Armory, in which Senator Fairbanks spoke.

There were no speakers in Oregon with the exception of Senator Fulton, who was chosen to welcome Senator Fairbanks to the state. Governor Chamberlain, Senator Simon, Senator Mitchell, Congressman Hermann and Speaker Gill of the state senate were among those who occupied seats on the platform with Senator Fairbanks and Senator Fulton. Governor Chamberlain was unable to be present owing to illness.

Senator Fulton made the welcoming speech of the occasion. He said in part:

"Senator Fairbanks, you represent the vice presidency and because of sought the nomination for it, you are to-day the people's representative of the character and type of United States senator they approve and trust. Your services and fidelity to their every interest have endeared you to them, and when Mr. Roosevelt's term shall have served the term to which he certainly will be elected in November and the Republicans must name his successor they will decline to look beyond Senator Fairbanks for a candidate and place as their standard bearer, will lead us on to victory."

A Speech at Portland.

In his speech tonight Senator Fairbanks congratulated the city of Portland upon its approaching Lewis and Clark exposition, remarking, among other expressions, that government participation in the exposition was essentially a Republican institution. He then spoke of the record of the Republican party in the matter of territorial expansion and trade expansion, and in this connection referred to the acquisition of the Philippines, saying on that point:

"The agitation for Philippine independence under existing conditions is treason. It may be well enough to be creating sentiment and agitation for the ultimate result, but the man who would make more than a remote reference to the Philippine question at the present time, while the government is so successfully doing its work there, is not a safe leader."

We have been in possession of the archipelago six years and upon the beneficence of our occupancy a school of statesmen in the United States has persistently followed Philippine independence. The demand today is no greater. It is not different from what the leaders were in the first flush of responsibility succeeding the victory.

Efforts to Obscure Other Issues.

"Our Democratic friends have been very eager to lead us to the Philippines question as an issue which would obscure other issues upon which they stand condemned by the American people, and which would force to them the support of the government in Washington. Our duty in the Philippines is perfect. It grows out of the overthrow of Spanish power and the cession of the islands to the United States by the Treaty of Paris. Our presence in the Philippines is the vindication of manifest duty and Christian enlightened conscience to do so. We stand to hold, discipline, to arm, to equip and to encourage in full measure a supreme duty.

"No one need fear that we shall fail of discharging the obligations to the Filipinos in a way to advance their interests, and the honor of the United States."

Senator Dryden and employer were present, of course, but this trouble came about. Before the direction of one of the witnesses, the American reporters were driven out over the stony road, and then fired on when they were not going fast enough. This is an example and some things must stop. Shakespeare's dramas may either must be omitted amicably.

Governor Adams will probably visit Cripple Creek and Victor next week. It does not seem necessary that he should have done it the end seen in Peabody's position. Whatever wrongs have been done by either side must be searched and every man's right must be respected. It will be much easier to adjust the differences as friends than if we were strangers.

Gen. Bell, who entertained a number of guests by private and appropriate during the closing hours.

The unexpected visitor was entertained by the ladies of the Roosevelt club this afternoon, when an informal reception was held in his honor. Mr. Bell was in good health and spirits and said that he was glad to be once more in Cripple Creek.

HEARTS WENT OUT TO BOYS

Gathering Last Night Was of Human Interest.

A WOMAN'S NOBLE WORK

MRS. RIDDLE, TO WHOM GREAT CREDIT SHOULD BE GIVEN FOR SUCCESS OF BOYS' CLUB, MAKES HAPPY ADDRESS.

The opening meeting of the Boys club was held last night in the lecture room of the First Presbyterian church. The entertaining program was conducted by Mr. W. M. Loring who made some excellent remarks after the boys orchestra of the Junior department of the Y. M. C. A. had favored the audience with selections.

Mr. Vories outlined the platform which had been mapped out for the winter's campaign.

Music and Humor.

Mr. F. S. Moore then rendered the piano solo "Fete Champenoise." Tableaux, and Mr. A. T. French mightily entertained with a humorous monologue. The [illegible] sung by Mr. [illegible] with the boys who were instructed in their applause after each number.

The informal little talk by Mrs. William R. Riddle, president of the boys club association, was received very attentively for her devotion to the boys club interests has won her a lasting place in the susceptible hearts of the little fellows who are so benefited by the club privileges. Mrs. Riddle protested she believed that the boys will so conduct themselves that people will believe in the work carried on by the association.

Words of Encouragement.

Mrs. Riddle spoke of the possibilities open to every boy who really tried to progress and told them of the friends who were ready to assist them. She reported that one of the members of the board of management had handed her a generous check toward the building fund for the new club house when she entered last night.

The boys orchestra rendered another selection and by special request Mr. Moore played again. Variations of "Home in the Cool, Cold Ground" and other airs completed the pleasing program.

Dainty Refreshments.

Then the boys were ready to enjoy the delicious ice cream and home made cake furnished and served by several of the members of the board of management.

Work Begins Tomorrow.

Mr. Vories announced that the first session for the older boys will be held tomorrow evening in the club building on South Tejon street at 7 o'clock. Mr. Vories and Mr. S. E. Bennett will be in charge every Monday, Wednesday and Friday night.

The younger boys department under Mr. Loring and Mr. A. T. French will meet Tuesday, Thursday and Saturday nights at the same hour.

A JAPANESE DRUG STORE

The Japs Use Pe-ru-na.

Pe-ru-na is Used the World Over.

Street Scene in Tokio, Japan.

Japanese Soldiers Leaving for the Front.

The Japs Use Pe-ru-na. This fact is testified to by recent travelers in Japan, who have observed Peruna displayed in Japanese drug stores, in show windows and by means of placards.

The Japs Use Pe-ru-na. This might or might not account for their strenuous, active habits. We are not prepared to say. The Japs are notably a healthy people. They are courageous, supple and capable of great endurance. Their climate is not very productive of catarrh and catarrhal diseases, yet they are in some degree afflicted with this world's scourge.

The Japs Use Pe-ru-na. They have been quick to adopt all American customs. They have adopted our manner of government, our fashions as to dress, our mode of warfare, our public school system, and they have even adopted our custom of taking Peruna for catarrhal diseases.

The Japs Use Pe-ru-na. The Japs are the Yankees of the Orient. They move quickly. They are positive. Peruna exactly fits in this sort of life. Busy people have no time to bother with catarrh. Colds are irksome and hold them back. They want to get rid of them quickly. Nothing acts so promptly as Peruna. Peruna prevents catarrh by nipping it in the bud.

The Japs Use Pe-ru-na. Quick action—this is characteristic of Peruna and characteristic of the Japs. It is very natural, indeed, and inevitable that the Japs should use Peruna. They are up to the times. They adopt all good things. They do not have to be told twice.

War Artists Use Pe-ru-na. Mr. H. B. Manly, Assistant War Artist to London "Black and White" and "Collier's Weekly" during the uprising in China, writes: "When among tasks in extreme hot or cold climates, he realizes how valuable a friend he has in a bottle of Peruna. I know of no article in my traveling outfit which I have learned to praise higher."

War Correspondents Use Pe-ru-na. Mr. F. B. Richards, 606 E street, N. W., Washington, D. C., War Correspondent, writes: "Six years ago I was ordered to Cuba as staff correspondent of the New York Sun. I was in charge of a press despatch boat through the Spanish-American war. The effect of the tropical climate and the nervous strain showed plainly on me, as it does on the states. A brother newspaper man, who had served in the war, induced me to give Peruna a trial to Peruna. I did so. Today, I am able to work as hard as at any time in my life."

Civil War Veterans Use Pe-ru-na. Colonel [illegible] Quartermaster of the Civil War Grand Army man and commander of John A. Rawlins Post No. 1, Department of the Potomac, Grand Army of the Republic, writes: "Peruna was recommended to me by many of my associates. I have found it a most agreeable and effective remedy, pleasant and soothing. I have suffered from rheumatism and catarrhal afflictions, and have found Peruna most beneficial."

Thousands Use Pe-ru-na. We here in our city thousands of testimonials like the above. We can give our readers only a slight glimpse of the vast array of interesting endorsements Dr. Hartman is constantly receiving from grateful people who have used his remedy, Peruna.

MANY GOING UP THE PEAK

The Trip Is One of Surpassing Grandeur.

COG ROAD VERY BUSY

AT THIS PARTICULAR SEASON, THE RIDE UP THE OLD MOUNTAIN HAS A PECULIAR CHARM TO ATTRACT TRAVEL.

The trip up the Cog road to the summit of the Peak at this time of the year is one of the finest trips that can be made in this whole country. The clear autumn air and the mild weather add to the natural grandeur and charm of the trip. The autumn-colored trees on the lower slopes, the evergreens farther up, and at the top the bleak rocks covered with a layer of snow a few inches deep, give the trip a delightful picturesqueness.

The Cog road is still carrying numbers of those who appreciate the advantages of taking the trip at this time of the year, and will continue running for some weeks yet, as long as the tourists keep coming this way.

MAN FROM MEXICO BUYS HOME HERE

HERMOSILLO PHYSICIAN PURCHASES RESIDENCE PROPERTY ADJOINING PARSONAGE OF ST. MARY'S CHURCH.

Another important deal in local realty was closed last week by the agency of Chas. P. Bennett. It was the sale of the grounds and 8-room modern house at 19 East Kiowa, from A. Montenarelli to Dr. A. W. Vanneman, of Hermosillo, Mexico. The property adjoins the St. Mary's church parsonage on the east, and is opposite the new Carnegie library. It is a desirable piece of property just out of the business district.

It is not known just what the plans of Dr. Vanneman are in regard to the property. He may decide to occupy the house as a residence next winter. It is also probable that he will erect a fine apartment house on the site some time next year.

The Hastings Building and Realty company reports the following sales for the past week:

Lots 1 and 2, block 13, Hasting Fifth addition to Edward S. Timmons. Consideration $550.

Lot 7, block 5, Hastings' Fourth addition to J. L. Van Horn. Consideration $475.

To R. E. Sweeney, lot 5, block 5 of the Fourth addition, for $550.

Lots 7, 10, 11 and 12, of block 2, addition No. 1, to the Town of South Colorado Springs. Consideration not given.

Hoover and Martin report the sale of part of lot 7, block 2, Boutin Heights addition No. 1, containing a 9-room modern house, to J. E. Bryan, consideration about $3,000.

About 20 acres of land near Manzanola, a fine fruit ranch with good improvements to Alfred A. and Isabelle Russell, consideration about $2,000.

IN SERIOUS CONDITION

Chief of Police Reynolds yesterday received word from the bedside of Col. [illegible] who is in a hospital at Detroit. The message stated that Col. Partridge had not yet got comfortably above the relief pet Detroit. His condition is still very serious.

EASTERN PRESS COMMENTS WAR AGAINST VANDALISM.

The campaign started by the Gazette in an editorial several weeks ago against the tourists who had wantonly defaced the Garden of the Gods, and which was taken up and pushed by the chamber of commerce, is attracting widespread attention and commendation in the eastern press. In his regular budget of news to the New York Sun, Secretary Henry Russell West made mention of the thorough steps taken to stop this sort of vandalism, and the eastern press is speaking favorably of the action. The Springfield Republican says that Colorado has set a world wide example that should be copied the world over.

CHURCHES WILL UNITE TONIGHT

UNION SERVICE TO BE HELD UNDER AUSPICES OF ANTI-SALOON LEAGUE—DR. WORK WILL PREACH.

Tonight the third Anti-Saloon league rally will be held by the churches of the city. Nearly all the congregations have adjourned their evening's services to meet at the First Baptist church, Kiowa and Weber streets for a big union meeting this evening at 7:30 o'clock. Dr. Edgar W. Work, of the First Presbyterian church, will preach the evening's sermon, taking for his subject, "Humanity's Warfare Against Itself." Dr. Braislin will be in charge of the meeting.

A union rally of all the Christian Endeavorers and other young people's societies of this city, will be held at the First Baptist church at 6 o'clock, preceding the Anti-Saloon league meeting. Dr. C. B. Wilcox will speak and the state president, H. B. Chapman, will make announcements of the convention to be held at Boulder on October 13 to 16.

SON AND NOT FATHER WAS DIVORCED PARAY

Ada Alice Burwell has been granted a divorce from Moses T. Burwell, Jr., on grounds of cruelty. Through a similarity of initials it was announced yesterday that M. T. Burwell was the defendant in the case. It was the young man and not the father. Mr. Burwell stands very high in Colorado City, and both he and Mrs. Burwell were surprised to hear that they have been divorced without the knowledge of either. Friends of Mr. and Mrs. Burwell regret that a mistake was made, as nothing has ever occurred to even mar the domestic life of this happy couple.

VALLEY AT FOUNTAIN WILL OPEN CAMPAIGN

The Republican campaign of [illegible] making will open in Fountain Friday night. Many will go down from this city.

The county central committee has been scheduling local speakers for different sections of the county. The names of those who will address the [illegible] at Fountain were announced yesterday, but they will be withheld until the speaking, as it is the intention that the people in the country are to hear this talk. The meeting will be held at the Fountain opera house at 8 o'clock.

We Have The Names of 1,800,000 People

Who Are Users of Liquozone.

All of these people asked us to buy the first bottle—a 50c. bottle—and give it to them free. We did it—and we will do it for you.

There are millions of other users of which we don't know. We learn only of those who write us. But each user tells others about it, and those others tell others. Ask your friends if they use it, and you will be surprised at the number who do.

Your own neighborhood is full of Liquozone users. Ask a few what they think of it—ask them what it does. If they say it is wonderful—that it does all we claim—then let us buy you a 50c bottle. Try it at our expense; see what it does for you. If you find it effective and needful, tell others about it, as we have told you.

Each of these 1,800,000 people suffered from a germ disease. Ask some of them if Liquozone cured them—if it destroyed the germs. Ask if they advise you to take Liquozone, then do as they say. Half the people you meet know someone whom Liquozone has cured.

Millions of people use Liquozone constantly. Yet we have never asked a person to buy it. We have asked them only to let us buy the first bottle—just as we ask you. They have continued its use because of what Liquozone did for them—just as you would. Won't you—for your own sake—be one of these millions? Won't you write for a bottle today?

Not Medicine.

Liquozone is not a medicine. It is not made by compounding drugs, nor is there any alcohol in it. It is made solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time.

This product has, for more than 20 years, been the constant subject of scientific and chemical research. The object of the discoverers was to get the virtues of oxygen in stable form into the blood. Their reason was that oxygen alone can kill disease germs without harm to the living tissues.

Each cubic inch of Liquozone requires the use of 1,250 cubic inches of the gas. And that is all that goes into it—the gas, and the liquid used to absorb it. The result—after 14 days—is a product so active that we publish on every bottle an offer of $1,000 for a disease germ that it cannot kill.

Acts Like Oxygen.

The virtue of Liquozone lies in the fact that it does what oxygen does. Oxygen is the vital part of air. The only source of vitality, the most essential element of life. Oxygen is also Nature's greatest tonic. The blood food, the nerve food, the purifier of the blood. It is oxygen that fans the blaze in a fire to red heat in the lungs. It is oxygen that [illegible] you like [illegible] and build up the cells. You could not live three [illegible] without it. And back [illegible] to the gift it [illegible] saving [illegible] with.

Liquozone acts [illegible]. It gives to [illegible] nerve tonic [illegible] the food that it [illegible] do. It gives [illegible] to every function of nature. It brings [illegible] of life at [illegible]. No other [illegible] has [illegible] tonic [illegible] but none of [illegible] tonic that never leads to reaction.

Kills All Germs.

Another fact is that an excess of oxygen destroys any disease germ. The reason is that germs are vegetables; and an excess of oxygen—the very life of an animal—is deadly to vegetal matter.

So with Liquozone, but the vital difference is this. Oxygen is a gas, and an excess of it cannot be maintained in the blood. Liquozone is a liquid, concentrated, stable and powerful. It goes wherever the blood goes; and, as no germ can escape it, and none can resist it, the results are inevitable.

To the [illegible] Liquozone is the most helpful thing in the world. But anything vegetable instantly perishes, wherever Liquozone goes. The fact that germs are vegetables has enabled the discoverers of Liquozone to solve the great problem of killing germs in the body without killing the tissues, too. And there is no other way. Any drug that kills germs is a poison, and it cannot be taken internally. In that fact lies the great value of Liquozone. It is the only product known—the only product man can prepare—that can destroy the cause of [illegible] trouble without harm to the living tissues.

We Paid $100,000

For the American rights of Liquozone. And the Scientific Liquid Oxygen Co. paid the same sum for the rights in Great Britain. This is the highest price ever paid for a [illegible] rights to any article of any [illegible].

We tell you this fact because it [illegible] the [illegible] of Liquozone. [illegible] and [illegible] but none of our [illegible] for a product of very great worth to humanity.

Before making this purchase, we tested Liquozone for two years through physicians and hospitals in this country and others. We tried it in all kinds of germ diseases, in thousands of the most difficult cases obtainable. We saw it cure hundreds of sick ones with whom everything else had failed. And we saw many a patient brought back from the verge of the grave by it.

We proved, to the satisfaction of the best physicians, that in germ troubles Liquozone did what nothing else could accomplish. We proved it to be of more value to sick humanity than all the drugs in the world combined. Then we staked our fortunes and our reputation on it.

Every member of this company uses Liquozone daily in his family to prevent sickness, and millions of others are learning to do likewise. Liquozone is now employed by hospitals everywhere, and by the physicians of nearly every nation.

Germ Diseases.

We give here a list of the known germ diseases. Each of these diseases is caused by germs which [illegible] some which germs create. A cure is [illegible] only through the [illegible].

All that medicine can do for these troubles is to help Nature overcome the germs and these [illegible] are limited to [illegible]. They depend on the patient's condition. There are some of these diseases which medicine never cures. In all of [illegible] Liquozone does wonderful and quick work. In many [illegible] it cures [illegible] any form of germ [illegible].

[illegible] Liquozone [illegible] the [illegible] it attacks the germs, wherever they exist. A germ disease must end when the germs are killed, nothing is more certain than that. Then Liquozone, acting as a tonic, quickly repairs the damage done, and restores a condition of perfect health. Diseases which have resisted medicine for years yield at once to Liquozone. And it cures diseases which medicine never cures. In any stage of any disease in this list, the results are so certain that we will gladly send to any patient who asks it an absolute guaranty.

SUNDAY, OCTOBER 2, 1904.

A RECORD OR A PROSPECTUS.

SENATOR DRYDEN C. KNOX was especially happy in the speech last evening in Philadelphia, where he accepted the Republican nomination for governor. The occasion doubtless was one which stands upon its record or merely has a prospectus to present to the people.

The Democratic party in this campaign is doing two things and only two. It is demanding the Republican record and making promises of what it would do if it were placed in power.

So far as the Republican record is concerned the party stands ready at all times to defend it without equivocation, whether it be the success in the Philippines, Panama or upon questions of domestic policy. Moreover, the record stands open for the inspection of every voter and tax payer.

But the Democratic party is far from a position in the record which it made while in office. It would gladly forget the dark days from 1892 to 1896 and has nothing to say in defense of its own pitiful record.

Instead it promises. Promises reform, economy and "administrative administration." In short, it issues a glowing prospectus and expects the people to take stock in its promises. But surely they will do nothing of the kind. The experience of the average American is quite sufficient to justify him in casting his ballot for the Republican candidates this year as in other years.

THE SHORT STORY MANIA.

ONE OF THE leading Philadelphia dailies recently offered a prize to the person submitting the most nearly correct list of the 10 best short stories extant. Thousands of lists were received and the story mentioned oftenest received first place; the second in popularity received second place and so on until ten had been selected. The winner was the person whose list contained the titles of the stories chosen in their correct order.

In this case the prize was awarded to Fred Donnelly of Philadelphia, a professor of English and a writer of short stories. His list contained certain correct names out of the ten. The list which is an interesting one is as follows:

1. "Rip Van Winkle," by Washington Irving.
2. "A Christmas Carol," by Charles Dickens.
3. "The Luck of Roaring Camp," by Bret Harte.
4. "The Lady or the Tiger?" by Frank R. Stockton.
5. "The Gold Bug," by Edgar Allan Poe.
6. "The Man Without a Country," by E. E. Hale.
7. "The Sunken Is the Ring Morgan," by Lloyd Allan
8. "The Fall of the House of Usher," by Edgar Allan
9. "The Outcasts of Poker Flat," by Bret Harte.
10. "The Great Stone Face," by Nathaniel Hawthorne.

Rear Admiral Converse, president of Lehigh Valley railroad, is a member of the Y. M. C. A., similar to those of which his father was often and so long president.

Rt. Rev. John Ireland, bishop of Tuam, in a sermon in Chicago last Sunday said: "The Japanese are not equal to Christianity and there are 13 Christian chaplains in the imperial army."

Miss Mary A. Booth, of Springfield, Mass., is well known in the scientific world. She inherited her love for science from her father, and is one of the few women admitted to the Royal Microscopical society of London.

Prof. J. Clifford Allbutt, of the University of Cambridge, England, arrived in Baltimore on Monday, and will deliver an address at the opening of the new surgical wing of the Johns Hopkins hospital on October 5.

Prof. Johannes Orth, dean of the medical faculty of the University of Berlin, is in Baltimore the guest of Dr. Thomas S. Cullen. Tomorrow he will come to Philadelphia, and will leave here on Saturday for Harvard university.

Efforts are being made in Paris to have some important street in the heart of the city named after Zola. It is also proposed to celebrate the second anniversary of his death on October 3 with a meeting at the Place de la Republique.

On Friday of this week President Cyrus Northrop, of the Minnesota university, will be 71 years of age, and the day will also mark the fifteenth upon the noted record of president of the university, besides being the anniversary of his marriage.

Dr. A. D. Bradford, assistant librarian of congress, has returned from a three months' stay in Europe. While abroad he made arrangements for the purchase of books from time to time, and to receive a large number of publications of learned societies.

An industrial school for boys, with Prof. Cesar Lombroso, of the University of Turin, as president, will soon be established in the vicinity of Chicago. Prof. Lombroso has three months' vacation, which he intends to spend in Chicago and the rest he proposes to devote to a trip around the world. Before he reaches Chicago he will go to Japan, where he studied the industrial schools in England, France and Belgium.

Wit and Wisdom

WITH A DIFFERENCE.

When Colonel Bryan, U. S. A., recently in the Philippines, was sent to reconcile the native Datos to our ways of thinking, he was cautioned about the chief's great aversion to Christians. In the eyes of the Filipinos there are only two religions in the world—Mohammedanism and Christianity, the people representing the former and the Caucasians the latter. On arriving at the Datos's bamboo palace he bowed all of the chief's assembly low, with a native bow, as he proceeded with his escort of rugged American regulars to where the chief sat. One of the first questions the native asked was,—

"Are you a Christian?"

The suddenness of the attack might have disconcerted the diplomatic captain, but he was equal to the occasion and quickly answered:—

"No, your highness, we are Baptists."

"It is well," was the reply.

Then they proceeded to business.—Harper's.

RETORT COURTEOUS.

Paul Hayne, the London journalist and author, is of the opinion that the keenest repartee ever uttered is that made by a certain Irish lady to a certain Irish gentleman.

A woman who had been selling fish and was dissatisfied with the weight handed on her scale with grumbling words the unmistakable odor of the finny tribe by that method. She took a ticket and read it aloud, remarking, as she threw the coal-cards away and plainly showed his displeasure:

"I perfectly remember the woman presently. 'Have you ever either lived with a gentleman or been a gentleman yourself?'

"Yes, I would," was the prompt reply.

"Then take a ticket and go," and then came the retort courteous.—Lippincott's.

Whole State Interested.

Preparations have been practically completed for this, the biggest day Woodcraft has ever looked forward to when here from all over the state. The presence of the head officers will draw many who would not otherwise come. The parade will start from Woodmen hall Tuesday morning and will halt at North park long enough to allow Mayor Ira Harris to turn over the keys of the city to Head Consul Falkenburg and for him to answer. Then it will proceed through several principal streets to the viaduct where those on foot will take a train to Colorado City. The parade will pass down Colorado avenue at Colorado City and those on foot will take a train to Manitou but the head officers and the drum corps will have to ride their burros clear over to Manitou.

Just before the parade starts to reform at Colorado City, Mayor Henry Hilborne will extend a greeting to the visiting Woodmen and will turn the keys of that city over to Head Consul Falkenburg who will make a brief response of acceptance.

A Weird Ceremony.

Those who have never before visited in the Soda Springs park at Manitou and then the parade will return and the items will follow the camp officers and members as follows: ——— to the Grand Caverns, where the weird ceremony of initiation will be performed amid the weird environments of stalactites and the same members will ring the odes to the accompaniment of the wonderful natural organ in the caverns.

A banquet will be tendered the head officers at the Alamo hotel in the evening and a ball will be given in Majestic hall that evening.

Mr. F. A. Falkenburg of Denver has been elected president of the National Fraternal Congress at its session in St. Louis, which body represents 4,000,000 members of various fraternal insurance societies of America.

Mr. Falkenburg is head consul of the Pacific jurisdiction, Woodmen of the World.

He is also sovereign advisor of the Sovereign jurisdiction, and is commanding general of the uniform rank of the entire order. The Woodmen of the World and its allied orders regard having attained the years of age have a membership of over 400,000 members, and have over 1,000 camps in the United States and Canada. The Pacific jurisdiction of which Mr. Falkenburg is the official head has become the largest fraternal insurance order in that field, with a membership now approaching the 100,000 mark.

The presidency of the National Fraternal Congress is the highest honor that can be conferred upon an American fraternalist and his friends, which are numbered by the hundreds of thousands in the various orders of America and Canada, will rejoice in receiving the news of his election to this high office.

SALVATION ARMY HARVEST FESTIVAL

SERVICE OF PRAISE, PRAYER AND TESTIMONY HELD AT LOCAL BARRACKS LAST NIGHT.

The Harvest Festival of the Salvation Army began at the hall in East Huerfano street last night with Brigadier Cooper in charge and prominent Y. M. C. A. workers taking part. The boys orchestra of the Y. M. C. A. furnished the music.

This morning at 7 o'clock there will be a prayer meeting or "Knee Drill" as it is called in the Army. A holiness meeting will be held at 11 in the morning. At 3 o'clock in the afternoon a praise service will be conducted and several of the city pastors will take part. Rev. Edward Eraklin, of the First Baptist church, will deliver an address. A Harvest Festival service will be held this evening.

Adjutant Garland is very much gratified at the success so far achieved and hopes that the full fruition of their hopes will be realized.

HAPPIEST MAN IN UNCLE SAM'S NAVY.

"I am the happiest man in Uncle Sam's navy. I must have got the piles from always sitting on the guns, for I have to go and clean them so much, as I am first-class gunner's mate in the after turret.

"I could not do any work when I had the piles, and sometimes the pain was certainly was a bad combination to-day there is no one aboard the ship in better condition than I am, and I can certainly thank Pyramid Pile Cure for it. I ——— one box of ——— many different medicines and spent lots of money until I used the Pyramid remedy. It is the only one of the whole lot that did me any good.

"The first box nearly cured me and I don't think I ever had another in the ——— but I thought I'd use the last ——— as well. The whole cure of a sore I used a number of boxes, also two boxes of Pyramid Pile Salve, and one and one-half boxes of Pyramid Ointment, and I still have four boxes of Pyramid Pile Cure left. But I keep it near me and recommend it to sufferers of piles. I think Pyramid Pile Cure a million times." Julius A. Kroeger, U. S. Flagship Kearsarge.

The wonderful cures effected by this remedy are subject for remark among members of the medical profession everywhere. A little book describing the cause and cure of piles is published by the Pyramid Drug Co., Marshall, Mich., and we advise every sufferer to write for it. It is a singular fact that one out of every four suffers from this distressing complaint, and another peculiar feature is that it is no respecter of persons, attacking both those of high and of low degree, the laborer and the millionaire, the washwoman and the lady of fashion. We have reason to recommend Pyramid Pile Cure to all such, as it possesses merit, and does it so well as to recommend it generally for the low price of fifty cents a package at prompt and speedy cure, is easily within the reach of everyone.

NORTH END NOW GETTING WATER

CORRALS ONE HAVE V— A WADE COMPLAIN—HIGH LINE RESERVOIR TO BE FINISHED THIS WEEK

The pipe lines across the Monument creek at Columbine and Cache la Poudre ——— have been placed under the bed of the stream and have been connected up so that the north end is now getting its full force of water.

Superintendent Hopkins and his men had to hustle with their work Thursday on account of the rain which caused the ditch to rise several inches and would have washed them out, or delayed operations for some time if work had not been pushed.

If the high line reservoir does so that work can proceed, it will be finished in a few days. Chairman Slocum, of the water committee, states that he expects the high line reservoir to be ready for filling by the end of the week. It has taken much longer than expected for the puddling of this reservoir but this has been largely due to bad weather.

The pipe working on different ends of the St. John tunnel in the mountains will soon be able to see each other through the bore. ——— ——— ——— through and now the water can be turned from either side. The tunnel will be opened clear through before the present weather sets in and will probably be finished and gotten into shape for the transfer of water under great pressure before winter.

Work on the reservoirs is going ahead rapidly. The work, which is all cut of rock, is being pushed to completion before the snow flies and the weather prevents further operations. The reservoirs will be ready in plenty of time it is reported.

to punish the president for compelling them to do so. Joined to the class who characterized the president's efforts to enforce the law as an impudent interference with property rights are those whose sincerest regret is that he did not indiscriminately attack all business interests, whether innocent or not, of offense against the technical laws, and who would have gladly welcomed general disaster if it would have brought them political success.

As to Violations.

When and how has the president violated the constitution of the United States, that greatest of all charters of government, or ignored the laws passed in pursuance thereof, as charged by this extraordinary proclamation? It is said, in some manners that he violated the constitution and the law of nations by recognizing the independence of Panama and by negotiating a treaty with the republic.

I have shown that in so executive function was the president guilty of negligence or omission, much less of malfeasance. On the contrary, in every one of these executive powers, the action of this government was that of the universal accepted canons of international law and precedents. There may be those who claim the president was impolitic and unwise in recognizing the de facto government of Panama when he did, and in negotiating a treaty with the republic.

I have shown that he was not guilty of any violation of international law in so doing. Was he unwise? Was he impolitic? Was he guilty of a violation of the principles of liberty by the government's progressive policy along the lines the people of both parties approve, and by obtaining what will be done under circumstances of greater embarrassment and more unfavorable conditions if not obtained.

Free Trade Ahead.

How curiously interesting it is that at this very time when the Democratic party finds itself unable to frame a tariff bill which will raise revenue for the support of the government, and at the same time afford adequate protection to home industries, there is a general and confident belief that the country is entering upon a period of unexampled prosperity. Democratic statesmen are demanding as a result of the change of parties in power that the country shall enter upon a policy of free trade. The Democratic party has not been able to frame a tariff bill which will raise revenue for the support of the government, and at the same time afford adequate protection to home industries, but the country is entering upon a period of unexampled prosperity. Democratic statesmen are demanding as a result of the change of parties in power that the country shall enter upon a policy of free trade.

Only last month do that war was to have been the largest political meeting ever held under the roof of man, who live by the cultivation of the soil, that opens tomorrow. Mr. Joseph Chamberlain, in describing Great Britain's condition under free trade, pointed out America's prosperity as compared with England's depression in agricultural and manufacturing as evidence of the folly of our policy.

Notwithstanding the great expenditures the country has sustained under a protective tariff, the very men who so vigorously assailed our good based currency, the refunding of our credit, who pressed the issue of national expansion and bankruptcy to dangerously near the point of success, who have maligned and reviled our arms in times of peace and war, who have opposed at all its stages the progress of that mighty energetic which will shorten nature's time highway by many thousand miles for traffic from all eastern, central and southern points to the Pacific, the scene of the world's future great activities, now ask to be intrusted with the repairing of our most important fiscal policy upon a platform that denounces protection in principle and fact as robbery.

Lack of Economy.

The attack upon the Republican party based upon alleged lack of economy of administration and the existence of a supposed treasury deficit has been so completely met by the president and his advisers who never believed it and deserve no less with their colleagues but their worthy candidate who evidently thinks that determinate are comparable to operating expenses, that the proper way to create a surplus is to borrow money payable in the future for the purpose of meeting the increasing expenses of our growing country. Of course it costs more to operate this government now than it did ten years since, and it will continue to cost more, and more as we continue to grow and the people demand more of their government.

Democratic strictures upon the president have been confined into the positive expression of a desire for a platform expression of a desire for a president who reads it and will obey the constitution and the laws.

Do you support my fellow citizens, that there is a man or woman in all this broad land who reads and thinks and inquires who does not know that the underlying issue in the opposition to President Roosevelt are a few men who [illegible] and their underlying purpose is to destroy the protective system of the country, and who would be delayed in the execution because executive timidity feared to proceed without further legislative direction. This would inevitably be the result unless the Democratic dread of executive usurpation only extends to cases where armed soldiers are the beneficiaries.

There can be no issue in this campaign of return to constitutional methods of administration. There has been no deviation from such methods by the Republican party. The constitution is still admirably performing its function as a live chart for a progressive people. The Republican party has made no assault upon it, neither has the Republican party through congress or the executive department or practiced any infringement by one of the co-ordinate branches of the government upon the functions or prerogatives of the others, as has been unjustly alleged.

Some Questions.

I would like to ask a few questions of those who are in Republican administrations to be corrected by restoring the Democracy to power.

First—Do you believe, under the present situation, the federal government could have settled and operated the anthracite mines of Pennsylvania, as proposed in the New York Democratic platform of 1904?

Second—Do you believe that the congress of the United States should enact upon the judicial power of the United States, which in the interpretation of the federal statutes, is vested the power of declaring void enactments of congress, or any part of their provisions, as proposed by the Democratic party?

Third—Do you believe that the constitution authorizes Congress or a majority of the house which should have been elected and the members of congress to enforce existing laws by means of impeachment?

Fourth—Do you believe that the supreme court of the United States is the final judge of what is or what is not constitutional, and that it is the duty of citizens to accept the court's decision?

Fifth—Do you believe that the attitude of the Democratic party towards the constitution of the United States since the present ascendency of Republican power, in 1860, has been one of a revolutionary and dangerous character, and do you not believe if the party now pretending four years of Democratic administration under their party's last platform of principles and policies that our currency would be debased, our credit crippled, our courts weakened and our industries crippled, and do you believe that Alton B. Parker has either carried or sensible will of these dangerous policies of his party because of his declared views of national questions as announced in his speech?

Sixth—Do you believe that corporations organized by states should be subject to national control and regulation in matters directly affecting interstate commerce, as has been proposed by the states, as declared in the New York Democratic platform of 1904?

Seventh—Do you believe the legislation passed by the Fifty-third congress relating to railroads and other corporations engaged in interstate commerce is constitutional, or do you share the doubts expressed by President Cleveland in his last message and coupling as to the constitutionality of all such legislation?

These questions relate exclusively to recent Democratic positions, depending upon our fundamental law. When you look into the earlier record of that party you will discover that its views upon all the great constitutional questions have been such that if they had been accepted the mammoth concerns of that noble instrument, would be to-day an object of pitiful ridicule by a confederation of independent and unfriendly states instead of its vital purposes operating to bring into a more perfect union a respected and prosperous people.

Constructive Effort.

It is not [illegible] a single speech to discuss a platform at length, or to refer in detail to much of the important work accomplished by an able administration, but as the personality of the president and his attitude towards the law are said to be the important issue in this campaign, it may be useful as throwing light on them to go into some detail of administrative work from which the people may judge his motives, his methods, his efficiency and his conception of his duties and his powers under the constitution and the laws.

Notable in the line of constructive effort as showing the president's aptitude in dealing with important matters with business wisdom are the establishment of the Panama canal, the settlement of the property of the Panama Canal Company and the postponement of authority to construct the canal. The fourteenth amendment of the interstate commerce law, the establishment of a law to bring to a speedy hearing cases of public importance affecting interstate commerce, the enforcement of the human laws for the protection of the lives and limbs of those employed upon the interstate railroads of the United States, all of which are the results of the president's initiative, are monuments of his sense of economic questions in their progress and enforcement [illegible] power.

An Indictment.

The Democratic candidate accepts the nomination [illegible] speech of acceptance of our [illegible] reading one [illegible] he extends having been the suggestion and the courage to enforce existing law. That is true, but it appears in the connection unless followed by a vigorous execution of the laws which should have been [illegible] and the members of congress to enforce existing laws by means of impeachment [illegible] of dispensable courage.

Of recent perversions, some the criminal laws were outrages in importance to the government, or in point of interest, they brought against [illegible] officials and employees of the postoffice department, and other persons for violations of the criminal laws of the United States [illegible] railroads of the west, by which, through rebates, they were stimulated at the expense of [illegible] favored shippers from engaging in the grain trade and [illegible] produced at their mercy, and the report to the department of justice that the six largest corporations [illegible] popularly known as the "Beef Trust," were in a combination with each other and with many [illegible] whereby they secured [illegible] concessions in rates for the transportation of their products, which [illegible] to practically monopolize the [illegible] and ruined local industry of [illegible] States presented to the administration the [illegible] of determining whether the United States could do [illegible] regarding to the prosecution of [illegible] break up such practices by [illegible] the powerful aid of an injunction.

Accordingly bills of equity were filed by the United States [illegible] or more of the greatest railroads [illegible] country, in which it was obtained that not only the [illegible] practices of which complaint [illegible] but attempts to [illegible] continuance in the [illegible] action of the United States [illegible] government acted [illegible] attempts.

Two [illegible] other [illegible] were [illegible] and [illegible] questions [illegible] in favor of the [illegible] and by the [illegible] granted as prayed for.

This was a great victory in advance. It means that [illegible] corporations can now only [illegible] are in the procession [illegible] agreement under which [illegible] and the [illegible] in the same [illegible] to the [illegible] to [illegible] to the government [illegible] in such cases.

Can it be [illegible] the United States [illegible] a petition in equity against [illegible] combination [illegible] and [illegible] [illegible] [illegible]

SPIRIT IS TAKING ITH ENTHUSIASM HERE

Colorado and therefore intend to vote for Stuart the November election.

It is for this class of voters especially that the Business Men's Peabody Law and Order league has been formed. Charles Kibler of Denver, is here for the purpose of organizing a league in Colorado City.

LOG HOUSE WAS HIS FIRST SCHOOL

The accompanying is a good likeness of Rev. Charles E. Setter, the newly appointed pastor of the First M. E. church of this city. He was brought up on a farm in northwestern Missouri and his primary education was received in a little log school house. He was a bright and diligent student and soon distinguished himself.

Later he gave indications of a religious vocation and began a theological course in the Missouri Wesleyan college at Cameron, and his career came to Colorado, July, 1898, and taught school for three years. Subsequently he studied at the University of Denver, taking the degree of Master of Arts in 1901 he joined the Colorado M. E. conference and his first appointment was to Simpson M. E. church, Denver. The young pastor preached three successful years and during his pastorate of Grace church, this city, his second appointment was to Colorado City.

INTERESTING FACTS

For Nearly Every Man, Woman or Child.

A short time ago we published an article recommending to our readers the use of Stuart's Dyspepsia Tablets, and the reasons therefor, the principal curative properties of the remedy have been abundantly sustained by the facts. People who were cautious about trying new remedies advertised in the newspapers were promptly induced to give Stuart's Dyspepsia Tablets a trial, were surprised and delighted at the results. In many cases a single package costing but 50 cents at any drug store made a complete cure and in every instance the most beneficial results were reported. From a hundred or more received, we have space to publish only a few of the letters, but assure our readers we receive so many commendatory letters that we shall publish each week a fresh lot of genuine, uncolicited testimonials and never publish the name unless

From James Wennerstrom, La Crosse, Wis.: Stuart's Dyspepsia Tablets are doing me more good than anything I ever tried and I was so pleased at results that I gave away several boxes to my friends who have also had the same benefit.

From Jacob Anthony, Portmurray, New Jersey: I have taken Stuart's Dyspepsia Tablets with the best results. I had dyspepsia for 5 years and had taken a great deal of medicine, but the tablets seem to take right hold and I feel good. I am a farmer and like exercise, and I cheerfully recommend it to everyone who has any trouble with his stomach to use these tablets.

From Mrs. M. R. Wier, Preston, Minn.: I have received surprisingly good effects from using Stuart's Dyspepsia Tablets. I gave one-half of a box last fall to a friend who also suffered from indigestion and she had the same good results.

From Mrs. Agnes E. Faiston, Cadillac, Mich.: I have been taking Stuart's Dyspepsia Tablets and I am very much better, and feel very grateful for the great benefit I have received in so short a time.

Stuart's Dyspepsia Tablets are a specific cure for all forms of indigestion. They are not claimed to be a cure-all, but are prepared for stomach troubles only, and thousands of druggists everywhere recommend them to all persons suffering from nervous dyspepsia, sour or acid stomach, heartburn, biliousness or wind in stomach and similar disorders.

WEDDING WAS SOCIETY EVENT

MANY OUT-OF-TOWN GUESTS PRESENT AT MARRIAGE OF MISS DYER AND MILTON P. INGRAHAM WEDNESDAY.

One of the pleasant social events of late occurred at the residence of Mr. and Mrs. S. J. Dyer, 321 South Wahsatch, on last Wednesday evening, the occasion being the marriage of their daughter, Miss Marguerite and Mr. Milton P. Ingraham of Colorado City.

The wedding was quite elaborate and very pretty.

About 90 guests witnessed the ceremony and extended congratulations. Among those present were the relatives, coming from a distance, Mr. and Mrs. J. H. Kirk and Mrs. T. S. Barnes of Denver, Mrs. and Miss Rehm of Chicago, Prof. Lares Shantz of Lincoln, Neb.; Mrs. Alaska Dyer of Kansas City, Mr. J. Roscoe Holt of Pueblo, Judge and Mrs. Cunningham, Judge and Mrs. Ingraham and Mr. and Mrs. Edward Bragg of Colorado City, and Dr. Stillman and Messrs. Kelly and Doyle of Colorado Springs.

Miss Lillie Dyer served as bridesmaid, Mr. J. Roscoe Holt as groomsman and little Emily Brown as ringbearer. Rev. R. W. Moore of Colorado City was the officiating minister. The wedding march, Lohengrin, was played by Miss Easton.

The bride was dressed in a wedding robe of white mousseline with silk applique trimmings and carried bride's roses. The parlor decorations including the arch and bell were pink and white and those of the dining room were autumn leaves.

After the service an elegant wedding luncheon was served. There was a great number of presents that were both costly and beautiful.

After a few weeks sojourn at St. Louis Mr. and Mrs. Ingraham will return to Colorado Springs where they will make their future home.

HIS BUSINESS IS TO KEEP NEW ROAD CLEAR OF PEBBLES

The new Bear Creek road is perhaps the finest and newest road to North Cheyenne canon. The view is superb. No expense is spared to keep the road [illegible] and pitch pine have been made. A special road inspector makes a thorough daily inspection so that not a pebble is seen in the road. Numerous vehicles containing pleasure parties pass back and forth continually, enjoying the drive with its magnificent scenery. The people of the Pikes Peak region justly point with pride to this latest improvement.

FINE CHESSMEN OF EXQUISITE DESIGN

Mr. F. L. Rehling is the recipient of a unique set of chessmen imported from Europe. The white pieces are of German silver and represent the army of the Turks. The black pieces are of bronze and represent the Austrian army from the Emperor Francis Joseph down to the common soldier. They are of exquisite workmanship and with the beautiful table form a rare curiosity which Mr. Rehling prizes highly.

THE TENTH annual convention of the Colorado Federation of Women's clubs is held this week in Fort Collins. The meeting of the executive board and the board of directors will be held in Carnegie library tomorrow evening.

All local arrangements under the supervision of a strong working committee have been completed. The use of the auditorium of the State Agricultural college and other rooms as required have been tendered for the use of the convention, the private homes have been thrown open for the entertainment of the upwards of 200 delegates an unrivalled program has been prepared and now nothing remains but to carry it out.

As usual, many weighty questions will be brought up for discussion, reports will be received from the chairmen of the several departments and opportunity given for conference as to methods for more effectually accomplishing desired results.

The "president's session" meets Tuesday afternoon, Wednesday afternoon. The Worker's Hour will be made a "round table" on "Our Problems," Wednesday evening Miss Helen L. Grenfell, state superintendent of public instruction will speak and there will be a debate on the question, "Resolved, That Higher Education Unfits Man for Matrimony." Thursday evening the annual reception takes place.

The most formal social affairs, a reception in the home of Mrs. B. F. Hastel occurs Tuesday evening. Drives have been arranged and each noon luncheons in compliment to the delegates and alternates.

The election of officers is the principal matter of business for Thursday morning. There are two candidates mentioned, Mrs. James D. Whitmore, ex-president of the Denver Women's club and Mrs. Harry E. Churchill of Greeley, [illegible] Federation. As both of the candidates are thoroughly competent to fill the presidential chair and equally popular, it will be difficult with many to make a choice. However, as in Mrs. Bradford, Denver has had the presidency for the last two years and Mrs. Churchill has so admirably served as vice president, that in itself should throw weight to her side and secure her election.

Colorado Springs will be well represented as a majority of the delegates and alternates named are intending to be present at all the sessions of the convention. The Colorado Springs Federation of Women's clubs will be represented by the president, Mrs. William E. Riddle, her alternate, Mrs. Mary J. Ely, Mrs. T. B. Pyles, delegate, and Mrs. F. M. Weathers, alternate.

The delegates from the Woman's club are Mrs. Frankan E. Brooks, and Mrs. L. C. Dada. Alternates Mrs. P. C. Dickey, Mrs. A. U. Peavey.

Monday Evening club, Mrs. William N. Raby, president, Mrs. Sara L. Eldridge, delegate; Mrs. J. C. St. John, alternate.

Mrs. Mason, chairman of the transportation committee, issues this official announcement:

"The sale of tickets throughout the state for the convenience of those who wish to attend the meeting of the State Federation at Fort Collins, Oct. 3, 1904, will be sold October 1 and 2, from all points west of Leadville in the state, October 2 and 3, from Denver and intermediate points, including Greeley, to Fort Collins, over the Colorado and Southern railway, October 2, 3, 4 and 5. Return limit is October 5. Same rates open to the public."

Trains leave Denver for Fort Collins 8 a. m., 10:05 a. m. and 5 p. m., via the Colorado and Southern, and the reception committee will be at the station to welcome the guests and escort them to headquarters, where the places of entertainment will be assigned.

The social science department of the Woman's club met for the first meeting of the season last Wednesday in Caledonian hall. The chairman, Mrs. William A. Gray presided admirably and the attendance was a successful and creditable one. Mrs. James B. Gregg's paper on "The Morning of Democracy," and that of Mrs. Antoinette F. Peavey on "Women Suffrage" gave rise to some interesting debate. The local conditions of the latter subject were introduced by Mrs. T. J. Breck and afterwards discussed. The work in this department opens up with enthusiasm, and an increased interest is anticipated as the season advances.

One of the important religious gatherings of the year is being held in Denver at the [illegible] Church of the Ascension, Mrs. [illegible] of New York is present, and all of the society Mary Reception and [illegible] and plans are being made and the [illegible] missionary work [illegible]

The [illegible] was organized in 1880 [illegible] taking as its object the improvement of the condition of the colored people in the south. Fourteen schools for the race have since been founded, schools are also supported now in Mexico, Japan, Porto Rico, the Philippines, and among the Chinese on the Pacific coast, and the Indians.

Members of the convention will be entertained on Friday next by the Home Missionary society of the First M. E. Church of this city at a luncheon and a trolley ride will follow.

Mrs. William Lennox, Mrs. A. D. Conwell, Mrs. A. D. Cribbs, Mrs. J. A. Reed and Mrs. S. N. Proudfoot were the delegates elected from the First Methodist Woman's Home Missionary society, Colorado Springs, to attend the convention.

The art and literature department of the Woman's club began the season of art talks Wednesday, October 5, at 2 o'clock at Caledonian hall. The subject is "The Home Beautiful and How to Select Reproductions." Mrs. Carrie Hayes Wells will be the speaker.

It is not certain that the plan to have an exhibition and serve tea can be carried out at the first meeting if possible.

The Woman's Literary club held its first meeting of the year yesterday afternoon at the residence of Mrs. F. F. Webster, 1421 North Tejon street. This is the [illegible] year, and the [illegible] elected [illegible] through the summer and the efficient work [illegible] have [illegible] question for the day.

"Is citizenship in the art of changing a nation from what it is into what it should be."

The program included:

Song, America—Led by Miss [illegible] Club

Sandwall.

Contemporary Statesmen—Mrs. Palmer.

Panama Canal.....Mrs. Mears.

The papers were of the usual high standard maintained by this club. Refreshments were served by the hostess.

Mrs. Dr. J. Morse was elected delegate and Mrs. Anne H. Shaw, alternate to the C. F. W. F. convention at Fort Collins.

The members of the Woman's Christian Temperance unions of Colorado Springs are preparing to entertain about 200 delegates to the State convention which meets here October 11-14.

The ladies of Grace Church guild will hold a rummage sale Friday and Saturday, October 7 and 8, at 26 W. Pikeview street. The special features will be a grab bag and millinery department. Chairmen Mrs. Davidson, donations received at Mrs. Warren's, 20 North Weber street; Mrs. Harvell, 124 East Platte; Mrs. Atkins, 20 West Pike's Peak; Mrs. Ingersoll, 125 South Tejon and Miss Davidson, 27 will call.

An anniversary meeting of the Woman's auxiliary of the Young Men's Christian association, will be held at 3 o'clock tomorrow afternoon in the parlors of the association building. Matters of especial importance will be discussed and the president, Mrs. Francis W. Goddard particularly requests the presence of every member also any woman interested in the work of the auxiliary.

The first meeting of the season of the Wednesday Art club will be held next Wednesday afternoon at the residence of Mrs. Charles W. Haines, 701 North Tejon street.

On account of the annual convention of the Colorado Federation of Women's clubs in Fort Collins this week, the opening meeting of the Anne Hathaway Shakespeare club will be postponed from Thursday until Saturday of this week. ANTLERS MAKES AN IMPORTANT CHANGE

THE FAMOUS RESORT HOTEL WILL BE CONDUCTED ON THE AMERICAN AS WELL AS EUROPEAN PLAN.

The Antlers, known from coast to coast and across the Atlantic as one of the finest and most thoroughly equipped hotels west of the Mississippi, has made a new departure.

Hereafter the hotel will be run on the American plan, as well as the European plan. This is a distinct innovation for the Antlers, as since its inception the Antlers was opened to the public it has always been conducted solely on the European plan.

Mr. L. A. Kitteredge, manager of the Antlers, stated last night that the adoption of the American plan is consequent upon the fact that the European plan was decided upon owing to the many inquiries of guests for American plan rates. Travelers, now and then, prefer the latter, and also many people who travel with their families, and guests at the hotel can now be accommodated with either plan.

MISS GERMAN RESIGNS AS NURSE AT PRINTERS HOME.

Miss Mattie B. German has resigned the position of chief nurse at the Union Printers home hospital, and will hereafter pursue her profession in Colorado Springs.

Miss German's experience and [illegible] in the care of the afflicted at the Home has endeared her in a large degree to the members of that institution, and all have the liveliest interest in her well-doing. Miss Frede E. Coggins, of Flint, Mich., succeeds Miss German as chief nurse at the Home. Miss Coggins is a graduate of St. Mary's hospital training school at Grand Rapids, Mich., and comes highly recommended as a lady in every way competent to fill this position.

VAST IRRIGATION SCHEME

One of the largest irrigation projects now under way in Colorado will include the enlargement of the 18 Link lakes, west of Fort Collins, into a reservoir with a total capacity of 2,000,000,000 cubic feet of water. A syndicate of Fort Collins and St. Louis capitalists is constructing the system.

GREAT YEAR FOR GOLD.

The gold production for the Cripple Creek district, Colorado's greatest gold camp, for August, 1904, amounted to $1,790,699. This is a substantial increase over July and the two million mark is expected to be reached in September.

GOOD STRIKE MADE ON RED UMBRELLA

New Find Is Believed to Be Extension of the Famous Moose Vein and Will Put Property in Shipping List.

Special to the Gazette.

Cripple Creek, Oct. 1.—Messrs. Morris and associates, who recently acquired a lease on the Red Umbrella property, [illegible] depth of 90 feet from surface. They will place the property once again in the shipping list, which position it held for the past three years when work was suspended on account of litigation.

The new find is believed to be the extension of the famous Moose vein whose property adjoins the Red Umbrella. Today the vein showed a width of five feet with [illegible] values of three ounces to the ton.

The lessees expect to immediately install a plant of machinery and push the work of breaking and hoisting the ore.

In the early days of the camp this property produced some rich ore, but it pinched out after a large amount of work had been done.

TWO NEW LEASES ON DISTRICT PROPERTIES

Special to the Gazette.

Cripple Creek, Oct. 1.—Jay Moss, Smith secured a lease on the Southern vision of the Twin Sisters company and has already commenced the work of development.

[illegible] on the north end of the Kennedy Bell property and lessees are installing a plant of machinery in order to push work.

TO LOWER THE SHAFT ON CRESSON CO.'S PROPERTY.

Special to the Gazette.

Cripple Creek, Oct. 1.—The Bull Hill Mining and Development company operating under lease the Cresson company's property is installing a large plant of machinery ordered some 30 days ago. The new plant includes an air compressor capable of working five drills.

The company is now pushing the work of sinking the shaft to the 800-foot level. When completed they expect to start the ore shoot opened in the 700-foot level besides doing [illegible] lateral work at this point.

The leading company took out considerable ore of good value from the 500-foot level and are confident that they will find the same vein much wider and richer in the lower level.

GOOD SHIPMENT FROM WORLD'S FAIR CLAIM.

Special to the Gazette.

Cripple Creek, Oct. 1.—Lessees Arnold and Associates operating on the south end of the World's Fair claim of the Gold Road company located in Gold hill, today sent out two carloads of ore which will return values in the neighborhood of forty to the ton.

The lessees have now proved up the ore shoot for a distance of over 60 feet and the ore is shipped without sorting. The property is being worked through the tunnel, at a depth of 115 feet from surface. Mr. Arnold expects immediately to install a new plant of machinery and sink the shaft another lift.

PROMISING VEIN FOUND ON SHERIFF PROPERTY.

Special to the Gazette.

Cripple Creek, Oct. 1.—Lessees operating the north end of the Sheriff property have struck a [illegible] ledge yesterday at a shallow depth and are now pushing the work of development as fast as possible in order to prove up the extent of the ore shoot, besides endeavoring to locate the source of a rich float that has been sent out from this vicinity.

NEW MOGUL BEGINS WITH GOOD SHIPMENTS.

Special to the Gazette.

Cripple Creek, Oct. 1.—It is estimated that over 100 cars of ore left the district yesterday, and a similar amount today, consigned to the different mills and smelters. Nearly every one of the local plants are working with a full complement of men and crowding every part of their machinery with ore now furnished to the different properties, as the present month's production at this time gives promise of eclipsing September.

FINDLEY HOLDERS VOTE FOR MERGER

The stockholders of the Findley Land Mining company met yesterday for the purpose of discussing the proposed consolidation with the Valley City company and a majority of the stock was voted in favor of the consolidation.

This is as far as the proposed deal can go until the court settles the injunction proceedings.

A hearing in the injunction proceedings will be held tomorrow morning in the civil division of the district court before Commissioner Gilfry. The court on Friday announced its intention of taking up the case Monday and evidently with it Saturday was reserved.

The meeting yesterday was held in the Findley offices in the Hagerman building. Attorney H. McGarry and H. H. Mitchell were present in the interests of John T. Milliken, who controlled 4,000 shares of stock out of a total representation of 10,000 shares. On the proposition to consolidate 1,015 shares were voted in favor thereof, the 4,500 shares of the Milliken people not being voted.

Numerous questions were made to Attorney McGarry as to legality of stock ownership of stock, etc. President Hobbs stated that notwithstanding that no answer was in any way made to the circular sent to the Findley stockholders by John T. Milliken, which Mr. Hobbs claimed "scurrilous and libelous," that there were represented the number of shares above mentioned and proxies were received from 87,500 shares or 55 stockholders.

Leigh F. Noble, a well-known mining engineer of Denver was present at the meeting and reported an examination of the Findley and Sheriff properties, which he had made. His report was to effect that for every ton of ore actually in sight in the Findley there were two tons in the Sheriff which is owned by the Valley City company.

The Valley City company is scheduled to hold a meeting tomorrow to discuss the proposed consolidation, but under the order issued by Judge Cunningham no definite action can be taken until the injunction proceedings are settled.
